

## Patient Testimonials

“ I cannot express how grateful I am to have found Christine and this practice. After several months of searching for a kind, caring, compassionate provider, I found Christine. She immediately brought comfort to a difficult situation. She worked very hard to help me, and because of that, I feel like my life is back on track! There is no judgment, only eagerness to help! Christine truly cares about my mental health and brings enthusiasm to each appointment. ”

-Lisa R

“ I have been a patient with Springs Behavioral Health for over a year. They are kind and compassionate and I feel like I am heard when it comes to my treatment and any issues that arise along the way. Treating mental health can sometimes be a very bumpy road, and I feel like they are always there for me. ”
